FUTURE OF P2P
September 21, 2027
Four Seasons George V

THE CONCEPT

Future of P2P is a benchmark evening dedicated to procure-to-pay innovation for large companies and mid-caps

OBJECTIVES

- Showcase the key procure-to-pay innovations: end-to-end automation, e-invoicing, AI matching, spend management
- Highlight P2P transformations with measurable results: lower costs, reliable processes, optimised working capital
- Feed the strategic thinking of Finance and Procurement leaders on compliance, performance and IT integration
- Foster peer-to-peer exchanges on levers that scale across multi-entity, international groups

BENEFITS FOR SOLUTION PROVIDERS

- Position your company as a strategic P2P transformation player with Finance and Procurement decision makers
- Shape P2P roadmaps before platform choices and budget decisions are made
- Get first-hand insight into operational priorities: automation, internal control, spend visibility, ROI
- Build lasting relationships with a community of Finance and Procurement decision makers in a trusted setting

FUTURE OF P2P
